COMING

To the progressive ones, graduating class of 1980, we have come so far to reach the end of our journey, but we still have so far to go in life. As time approaches for us to leave high school, I hope that many of us will go on to college, preserve further education, and make something out of ourselves. I would like to leave this thought with the class of "80". In order for us to make something out of our lives, we must have the will and determination to want to do something in order to be someone.
Student Body President, Karen Lyons

OUTSTANDING SENIORS

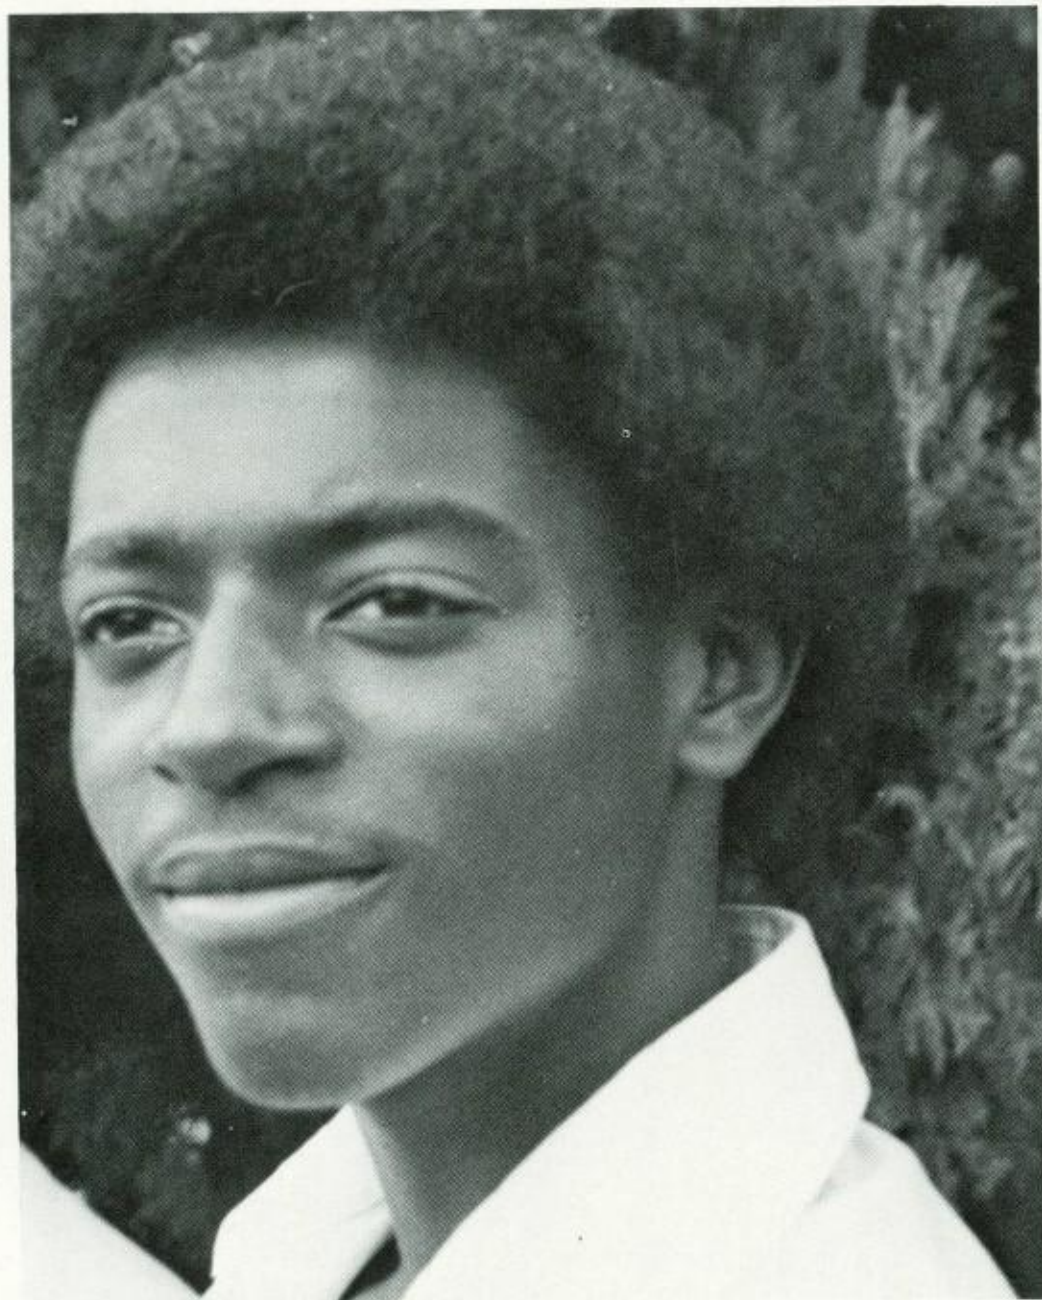

MAXINE JONES

Excelling at most everything she attempts is the most unusual Maxine Jones.

Maxine Jones loves to read, play softball and draw in most any media. Maxine made herself and her school proud when she scored 1210 points on the Junior scholastic aptitude test (PSAT).

Maxine has a 4.00 average and will receive her diploma at the age of 15 years. She will be attending the University of Southern California, majoring in Education or Architecture.

OF CLASS OF 1980

DARRYL HEATH

Darryl Bernard Heath was born January 1, 1962 in Los Angeles, California. Darryl is an excellent academic student at Thomas Jefferson High and is graduating with a B+ average. Darryl is an all around person with interests that vary from basketball, reading, T.V., especially science fiction and comedy to painting, and drawing at which he is quite adept. Darryls' cartoon characters often grace the cover of the school paper.

Darryl is accepted at the University of Davis. He plans to become a veterinarian and/or commercial art.

The Thomas Jefferson high girls varsity basketball team again had a great year, again going all the way to city finals only to lose once again to the ElCamino high Conquistadores.

The Demo's again went through a season of ups and downs, but with ups than downs, They finished the year with a record of 14-2. The ladies breezed through the league 10-0, thus becoming the mid city league Champions for the second consecutive year.

The season started off with the Demo's losing to Westchestor 55-52, but the Demo's beat Chatsworth 102-32, and they went on to win 13 straight games finishing the season with a 14-2 record.

The Demo's were led by returning Varsity players from the Championship team of the year before, they were Patricia Wiggins, Jerline Mitchell, and Laverne Smith.

BEST WISHES FOR A SUCCESSFUL FUTURE

From RUTH WASHINGTON

Publisher and Owner

LOS ANGELES SENTINEL NEWSPAPER

Dear Graduates and students:

Tomorrow belongs to you. But it belongs to you conditionally. It will not come unless you are prepared to take advantage of it.

If you are prepared, one of you could become the Mayor of Los Angeles, or even the Governor of the state of California. You might well become city councilmen or councilwomen. But you must be prepared.

As you have no doubt noticed, the slogan of the Los Angeles Sentinel is "Education will lead to the truth." and that slogan must become your way of life, if you plan on making yours a successful life.

In this time of a major drug culture and excessively high crime rates, the world must look to the youth for change. It will become your responsibility to bring credibility back to government.

It will become your responsibility to bring truth into the educational system. It will also be responsibility to rear the children of the next generation.

All of these are awesome responsibilities and they cannot be taken lightly. They are much too important to be tucked away in some far corner.

Your fight for freedom is just beginning and you must not falter along the way. It is your chance to keep the faith and you cannot fail. For if you fail, you will not only have failed yourself, but you will have failed the entire community.

With all of this in mind, I heartily congratulate you for having come this far up the proverbial ladder of success, and at the same time, I wish you God-speed for tomorrow—and remember, tomorrow belongs to you. But only if you prepare for it.

Sincerely yours,
Ruth Washington (Mrs.)
Publisher

The Age of Uncertainty

You are no doubt familiar with John Kenneth Galbraith, the noted economist who authored a history of economic ideas and their consequences, *THE AGE OF UNCERTAINTY*. Galbraith contrasts the great certainties in economic thought in the 20th century with the great uncertainty with which problems are faced today. He asserts that "the ruling ideas of the time are those which people and governments are guided", stating that, "they help to shape history itself. What men believe about the power of the market or the dangers of the state has a bearing on the laws they enact or do not enact on what they ask of the government or entrust to market forces."

The age of Certainty started "In the Beginning" and will continue for all those who make a personal commitment and surrender to God. It is "in Him that we live and move and have our being."

More of you will attend college than ever before. More of you will walk into high-paying jobs and more profitable careers than ever before. Uncertainty comes only when you bow with every wind or doctrine and accept the fallible knowledge of man over the infallible wisdom of the Omniscient God.

Truth cannot be shackled by law, changed by economists, nor diverted by rampant, speculative thought.

There is no uncertainty when you trust in the Lord with all thine heart; and Lean not unto your own understanding. In all thy ways acknowledge Him, and He shall direct thy paths."

I believe that you can study to show yourselves approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." I exhort you to continue to prepare yourselves, but don't forget to look to the hills from whence cometh your help. Your help cometh from the Lord." For you, then, there will be no age of uncertainty. You will be free from doubts and the anxieties that assail non-believers. You will live a productive life and men will know you by the fruits you bear. This was the standard in Galilee more than 2,000 years ago, and is still the standard for today. . . . and THAT'S for CERTAIN.

SERVICE...IT'S A TRADITION

PERSONAL SERVICE ON ONE HAND...

For many businesses, personal service has become a thing of the past. However, at Golden State Mutual we still believe in the person to person service to our policy-owners in the privacy of their own homes.

No matter how large the policy (we have no maximum amount for the policies we sell) or how small (GSM specializes in amounts of insurance many companies feel are too small to bother with), our staff of expertly trained men and women (many having professional degrees such as CLU, FLMI, FSA, and MA), are concerned only with how they can best serve your life and health insurance needs.

...INCREASED EFFICIENCY ON THE OTHER

Of course, not all of our work is performed by people alone. There are a lot of things best handled by the swift efficiency of mail, phone and machine. Our computers

are programmed to process your business with a maximum of speed and a minimum of trouble for you and when you need us, we are just a letter or phone call away. Ultimately though, these things are just tools in the hands of GSM people—dedicated to the tradition of fast, courteous and personal service which has been the basis of our success—since 1925.
